Global Learning with ISA

We want your students to make the most out of their time abroad. ISA programs are designed to cultivate opportunities for learning, discovery, and personal development. Through participation in excursions, cultural activities, and community events, students will engage with the ISA Discovery Model to pursue guided learning in five areas

Live Like a Local

Our local resident staff provide comprehensive support for:

- Academics
- Local culture
- Health & safety
- Activities & excursions
- Navigating life in your host city

Health & Safety

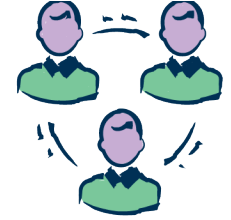

The health and safety of our students is our top priority. To ensure this, we take the following measures

Employ local, 24-7 support staff

Provide pre-departure preparations and on-site safety orientation

Support students through through on-site staff

Provides insurance that covers the on-site duration

Select accommodations in lower-risk areas

Partner with reputable transportation companies

Monitor worldwide security levels
